BLOOD SHED IN CHICAGO STRIKE

Men Succeed in Preventing Cars From Running.

POLICE MERELY LOOKED ON

---EFFORT WILL BE MADE TO RE-SUME TODAY.

tent resulted today from the inauguration of a strike by the employes of one of the two principal surface street railway companies in Chicago. All along the lines, however, cars were started, strike sympathizers made desperate onslaughts on the crews, beginning at dawn of day and continuing as long as cars remained on the tracks.

One was made complete.

One Man's Back Broken.

at Wentworth avenue and West Sixty-pinth street, where a mob of several hundred persons tried to hold up a

Many persons, chiefly non-union

many persons, chiefly non-union street carmen, were injured by flying splintered glass. Two women were among those hurt.
Excepting a few dozen passengers, who had to flee from the cars, the 300,-600 patrors of the company were forced to all other sorts of methods to get down and back.

No Police Protection.

With faces and hands bleeding from the attacks of the strikers, motormen, gripmen and conductors who tried to run trains returned to the barns and re-fused to go and resident the strikers. run trains returned to the barns and refused to go out again unless the trains bore platoons of police or patrol wagons were alongside. The police confined their efforts to seeing that the passage of cars from the barns was obstructed and that crowds and blockades in the streets were quickly cleared. This was done under orders from Mayor Harrlson, whose announced purpose was to preserve an impartial attitude, taking sides neither for nor against the strikers or the street car company, which, though known as the Chicago City railway, is a private corporation, the lines of which extend through the south side of the city, radiating from south side of the city, radiating from the business center.

Schuttler Takes Command.

Developments regarding the actions of the municipal authorities hinge on the action of the new official, Herman Schuttler, who today, under appointment of the mayor, assumed the duties of assistant chief of police. Schuttler will be in direct charge of police arrangements during the contest. His duties heretofore have been restricted to the north side of the city, a section entirely removed from the scene of the Anarchist Louis Lingg after the Hay-market riot, and subsequently sent Adolph Lucigert, the wealthy sausage manufacturer, to die in the penitentiary under conviction of wife murder. Schuttler is about six feet four inches tall, and has a remarkable record for all, and has a remarkable record for personal daring and astuteness.

Mail Not Delayed.

Possibilities of federal intervention under certain contingencies are being discussed. The situation in this aspect was outlined today by Postmaster Coyne. He said:

"Thus far there is no cause for alarm or account of the mail service."

Depends Upon the Mayor.

Depends Upon the Mayor.

Before nightfall President D. G. Hamilton and General Counsel Biss of the railway company, after endeavoring to operate cars in defiance of its trainmen, announced after a conference with Mayor Harrison that the attempt would be abandoned for the day. The railway officials declare that 30 per cent of their employes are loyal, and that if accorded sufficient protection by the police department the company will be able to man and operate its cars. A further effort to run cars, each car accompanied by a squad of police in a patrol wagon, will, it is expected, be made tomorrow.

As a result of the tie-up of the surface lines, the elevated and steam roads traversing the strikebound districts were taxed to their utmost capacity. Train service on all lines was doubled and every effort made to accommodate the thousands of additional passengers. Meanwhile, bus lines, hacks and express wagens with improvised seats did a thriving business in the transportation of people to and from their places of business.

Cause of the Strike.

The strike is the outgrowth of persistent efforts for increased wages and exclusion of non-union employes. Today about 3,000 men, practically the entire force of the company's wage earners, were idle, the number of men at

This is the season of the year when Scott's Emulsion does some of its best work. Fortifying the system against the ravages of winter is one of the most effective uses of Scott's Emulsion; it builds up the strength of the whole body and puts one in a healthy, vigorous condition.

> Weak lungs, throat troubles or bronchial affections get more positive help and relief from Scott's Emulsion than from any other source.

> Cod liver oil itself is very scarce just now; cheap adulterations and mixtures of inferior oils are offered every-

> This is why Scott's Emulsion should be insisted upon. It never varies from the high quality and absolute purity that has made it the standard for thirty years.

small fraction of the number usually at work.

at work.

The company's stationary firemen, who have also presented demands upon the company for increased wages, and to whom the trainmen looked for assistance, declined to go out, expressing the belief, after a conference with General Manager McCulloch of the railway company, that he had not refused arbitration. A committee representing the firemen offered its services to the company as mediator. Whether or not the offer will be accepted has not been decided.

LOCAL BRIEFS.

SERVICES AT SYNAGOGUE.—The subject of Rabbi Louis G. Reynolds' address at the Jewish synagogue this evening at 8 o'clock will be, "The Present Age." All are cordially invited to attend the services.

aged 8, 1252 South Ninth East street.

RUSH TO PAY TAXES.—The clerical force in the county treasurer's office was kept busy all day yesterday waiting upon people who wished to pay their taxes. At one time during the day the waiting line extended from the office half-way down the basement corridor of the building towards the north entrance. Saturday is the last day for paying taxes and avoiding the 10 per cent penalty.

such should prove to be the case.

WITHOUT WATER.—Wednesday night a break in the water mains occurred on First South near Twelfth East streets necessitating shutting off the water in the eastern part of the city Wednesday night and most of yesterday. The residents in the district where the water was shut off were not notified and as a result there was a small sized water famine in that vicinity most of the day. Jupiter Pluvius came to the rescue last evening and at a late hour last night the people in that locality had water to spare.

FUNERAL OF MRS. GRISSOM .- Sur-

mondell Favors a Measure He Opposed Last Year.

(Special to The Herald.)

Washington, D. C., Nov. 12.—Representative Mondell today introduced a bill providing for the transfer of the administration of forest reserves, from the department of the interior to the agricultural department. Legislation was recommended at the last session of congress by President Roosevelt and Secretary Hitchcock and this year by Land Commissioner Richards. The department of agriculture desires control of the forest reserves and the interior department wishes to get rid of them.

Mondell opposed a similar bill last session, because at that time, he says, the forestry bureau of the agricultural department had not sufficient practical experience to handle the reserves. Since then Chief Forester Pinchot and his subordinates have informed themselves thoroughly by personal investigation of conditions in the reserves and the bureau is now composed of the best force of men obtainable for their management.

The bill retails interior department control of matters relating to titles of lands in the reserves.

Mondell also lutroduced a bill for a public building at Sheridan, Wyo., and to authorize the recorder of the general land office to issue certified copies of land papers.

SNOW IN WYOMING.

MONEY WAS EXHAUSTED

Eichnor and Loofbourow Had to Stand Good at Bank For Deficient Campaign Fund.

It was bad enough to be buried un-der the avalanche of votes, but to have checks held up at the mayorally can-didate's own bank is more than the officials of the Republican city comofficials of the Republican city committee feel they can bear with equilibrium. Readers are warned against mentioning the subject to them, unless amply prepared for trouble.

The fact is that checks aggregating \$1,000, issued by the Republican city committee for campaign expenses, were held up by the National Bank of the Republic, of which Frank Knox, Republican candidate for mayor at the recent election, is president. Payment was not permitted until Chairman Dennis C. Eichnor and Secretary Fred C. Loofbourow visited the bank and became personally responsible for the amount.

This circumstance, coming on top of defeat, has proved highly embarrassing to the men in question.

A. F. Lawson is working for the appointment as chief of police under Mayor-elect Richard P. Morris. This statement is not intended as a joke. It is merely a statement of fact, illustrating that the use of celery compound is not always necessary to stimulate nerve. Along the same lines it is stated that Lawson is pulling wires to get the salary raised before he will accept the position. Lawson has an idea that the knowledge he gained as head of the notorious Viking league, when charges of blackmailing scrubwomen and other municipal employes were rife, should count for something. Then again the fact that he with Bruce Johnson was a supporter of the machine ticket, in his opinion entitles him to consideration from the other side for this service.

manently by the use of KELLETT'S OIL AND SWEET SPIRITS ? EDEN

DR. JOHN L. KELLETT.

These are the most marvelous remedies of the age. Oil of Eden dissolves and removes through the pores of the skin all impurities. Sweet Spirits of Eden increases the powers of the nerves through the circulation of the blood, thus making every organ of the system perform its proper work. Taken in conjunction, these remedies will cure the worst cases of chronic rheumatism, even of years' standing. Kellett's Oil and Sweet Spirits of Eden are not cheap remedies, but inexpensive cures. They cost the sum of \$5.00—a doctor's bill costs much more. Take your choice.

Note the fact that ordinary cases of rheumatism (that is, rheumatism that has not reached, the chronic state) may be cured by the use of Oil of Eden alone, which costs but two dollars per bottle. Oil and Sweet Spirits of Eden are put up in small bottles. The remedies are highly concentrated—you do not pay for water.

If you desire further information and proof, drop a post card to the California Co-Operative Medical Company, 206 Broadway, Oakland, Cal., or, better still, purchase two bottles from your druggist and test the goods yourself.

: CHRONIC : RHEUMATISM Positively Gured--- Cured Quickly and Per-
